However, ASPT strongly discourages excessively slow actions, and may give warnings, penalties, or impose special measures (including an individual shot clock) to such players. Examples include, but are not limited to, the following.

- i. Routinely taking unnecessary time to fold a garbage hand preflop.  
A few seconds should suffice for these routine folds. Staring down at your opponents, then taking several seconds to check one's cards, then staring down at your opponents again, and slowly mucking your garbage as a routine will not be tolerated.
- ii. Routinely asking the dealer of the current action and bet sizes, while refusing to take off one's headphones.
- iii. Getting distracted by other activities (phone activities, chatting with a friend, etc.), routinely causing the table to remind you that it is your turn to act.
- iv. Using an excessive amount of small denomination chips to make bets and raises.  
If the bet is 3300, using 33 \$100 chips is not welcomed.

#### 9. Orbit-for-orbit (round-for-round)

Game changes every orbit when the big blind passes the dealer,

or the ante-button passes in stud.

Big blind ante (100) for NLH/PLO/PLO8. Big blind ante (1.5bb) for NL2-75D.

In PLO/PLO8, the ante is not included when calculating the pot abra preflop.

In Stud, button pays the ante AND the bring-in. The bring-in becomes a live bet for the player

who was "supposed to bring-in".

This player is first to act and has the option to check or complete the bet.

If you run deep in this tournament and miss the registration for the 11-game Rematch,

you will still be able to register up to the start of level 10, provided that you take a seat

immediately after you win or bust out from this event.
